

MAKE MUSIC / ACTUAL-SIZE PAPER FIT

Page 1 of 2 - board x=0 to 180 mm

Print on US Letter at 100% / Actual Size. Turn off Fit or Shrink.

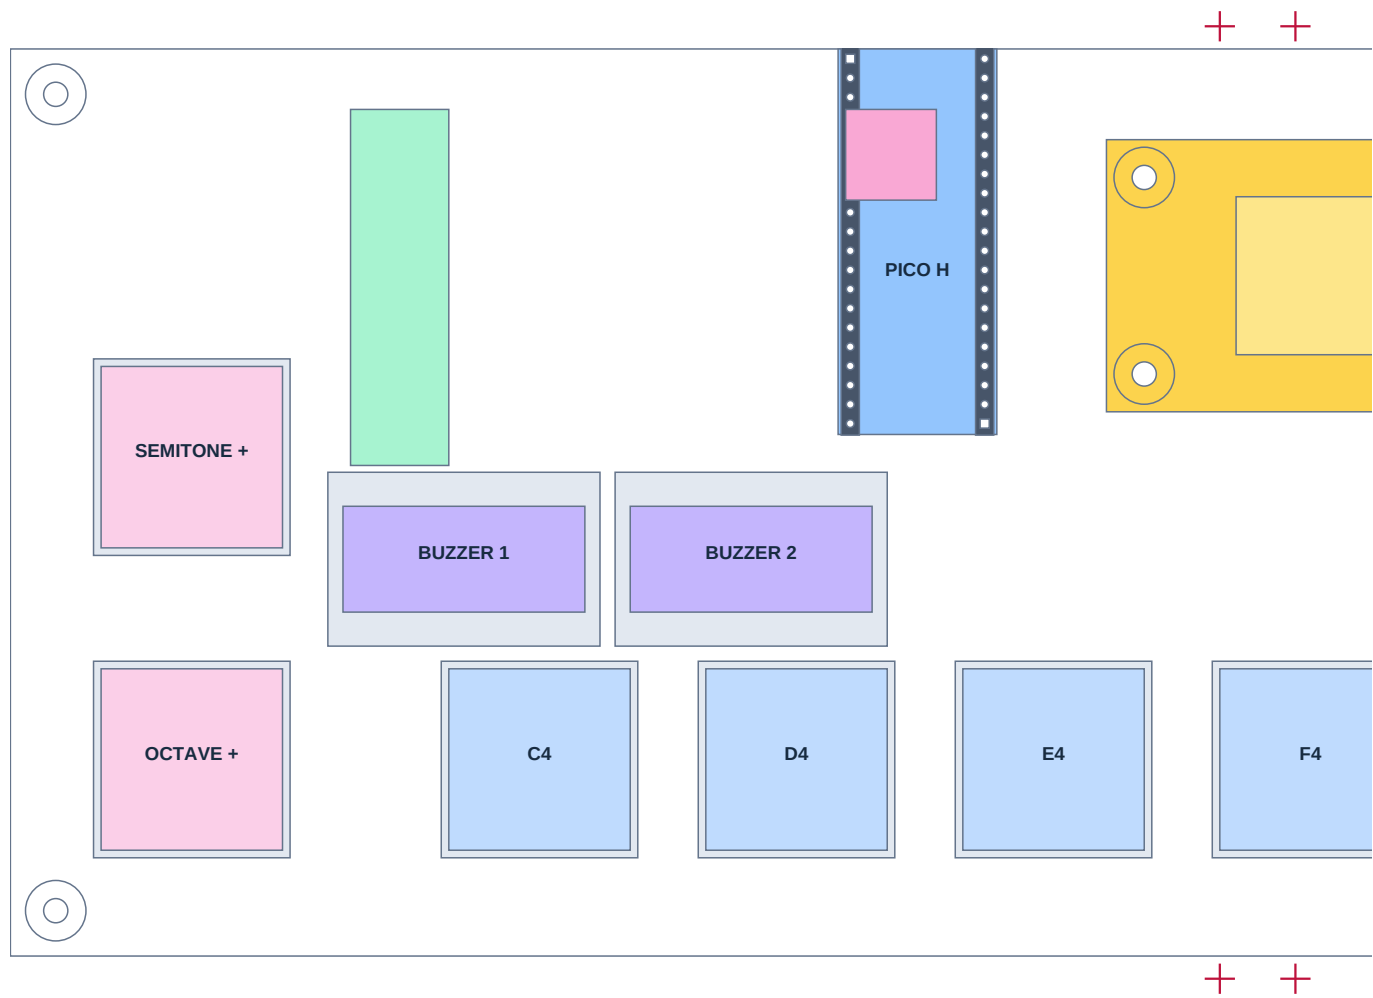

Check BOTH scale bars before judging reach. Paper checks comfort only.

4 inches exactly - check with your tape measure

100 mm exactly - optional metric check

JOIN: overlap the repeated section and align all four red crosses.

Hold the joined 330 x 120 mm outline; try the keys with both hands.

Notes: 24 mm bodies, 34 mm centres, 10 mm clear gaps. Modifiers on left.

Record: comfortable reach? key gap? overall size? room for USB/removal?

Body sizes and mounts still need actual-part fit. DO NOT use this to drill.
